Activity „Trust or not trust“

Media Minds^o1 | Act! Verification and safeguarding for digital citizens

Activity „To trust or not to trust“

Take-away

- As everybody is capable of inventing lies and making them look like the truth, we should never trust too fast without verification.
- We need practice in formulating good verification questions.

Activity „Verification and safeguarding“

Media Minds°1-°2 | Act! Verification and safeguarding for digital citizens

Activity „Verification and safeguarding for digital citizens“

Time to explore and empower yourselves

- We have 4 groups and 4 stations:
 - Station A: Checklist *Sources* | Verification of information sources
 - Station B: Checklist *Content* | Verification of online content
 - Station C: Safety list | Take care and express yourself without fear
 - Station D: Strategy list | Tackle online gender-based violence

- **Explore the station's task and the material**
- Each group will visit **every station for 15 min.**
- Each group starts at a different station.

Present and share your results directly at the station.

Activity „Verification and safeguarding“

Take-away

- There are different techniques to verify a source (e.g. URL, about section, the authors expertise), and to verify content (e.g. spelling errors, compare with other sources).
- There are different possibilities and strategies to stay safe online and tackle online violence (e.g. not sharing personal information, adjusting privacy settings, take evidence, report, block, seek support).

Activity „Digital citizenship“

Media Minds°2 | Act! Verification and safeguarding for digital citizens

How would you continue ...?

*As a digital citizen I have the **right** to ...*

*As a digital citizen I have the **responsibility** to ...*

Activity „Digital citizenship “

Take-away

- As digital citizen we have rights (e.g. express freely, participate in public discussions on social media without being harassed, privacy).
- As digital citizens we have responsibilities (e.g. verifying information before sharing, protecting us and others against online violence).

A close-up photograph of a white ceramic teacup with a gold rim and handle, filled with a golden-brown liquid. A single white daisy with a yellow center is floating on the surface of the liquid. The cup sits on a matching white saucer with a gold rim and a floral pattern. Several other daisies are scattered on the saucer and the surface around it. The background is a dark, textured surface.

Time for a short break

Activity „Trust“

A top-down view of a round metal bowl filled with a rich, orange-colored Thai curry. The curry is served over a bed of white rice. It is garnished with fresh green basil leaves, sliced red chili peppers, and fresh cilantro. Various pieces of meat and vegetables, including what appears to be a piece of fried fish and some mushrooms, are scattered throughout the dish. The bowl is placed on a wooden surface, and a small potted plant is visible in the bottom right corner. A semi-transparent grey banner is overlaid on the left side of the image, containing the text 'Time for Lunch'.

Planning

Plan to illustrate selected tips from the four different stations (A-D) for verification and safeguarding using various creative techniques.

- Choose 3 tips from your station that you would like to illustrate.
- For each of these tips, choose one of the following creative techniques (3 options).

DIY: Creative pictures for digital citizens

CHOOSE ONE CREATIVE TECHNIQUE TO ILLUSTRATE TIPS FOR VERIFICATION AND SELFGUARDING

CLOSE-UP

- A **CLOSE-UP** is a camera shot taken at a very short distance from the subject.
- Choose a detail as your subject, it can be an eye, a handshake or an object.

GREENSCREEN

- A **GREENSCREEN** is a backdrop that allows us to be photographed inside a virtual background (anywhere).
- Use the app **Chromavid**. Choose a background photo (i.e. **Pixabay**) or make one yourself.
- Place yourself in front of the greenscreen and let your partner take a great picture.

MEME

- A **MEME** is an image, video or text, typically humorous in nature, that is copied and spread rapidly on the internet.
- Go to the website: <https://imgflip.com/> and select a template.
- Add and arrange the text to give your **MEME** a helpful message in a funny way.

Save your pictures and transfer them for presentation

A close-up photograph of a person's eye, looking slightly to the right. The eye is light-colored with dark eyeliner. The background is a solid green color. A white, semi-transparent geometric shape, resembling a stylized house or a large letter 'A', is overlaid on the left side of the image, partially covering the eye and the green background.

Option 1

Make an interesting close-up

Option 2

Compose a greenscreen-photo

Option 3

Make a meme

Activity „Media presentation“

Why is constructive feedback important?

- Appreciate the achievements
- Learn from each other
- Identify areas of improvements
- Exchange suggestions about how to improve

How do we give and receive constructive feedback?

- What do I like?
- Where do I see room for improvement?
- What are my suggestions?

Activity „Media preparation, media production, media presentation“

Take-away

- There are different creative photo formats like green-screen, close-ups or memes to create visual educational messages for selected audiences.
- Through producing and promoting educational media messages digital citizenship is fostered.
- Through providing and receiving constructive feedback, achievements, room for improvement and further suggestions are addressed. This encourages personal growth and learning from each other.

Activity „Becoming multiplier”

Presenting and sharing the results

Activity „Becoming multipliers“

Take-away

- What we take away from the media academy is important for us and for others.
- There are several options how we can become multipliers, present and share our newly acquired skills and created media products with other peers.
